“BECOMING A MOTHER – NOW, LATER OR NEVER?”

Saturday 20 November 2010  
10.00am – 15.00pm  
Ashley Kriel Hall, Community House  
41 Salt River Road, Salt River, Cape Town

Come and join the DFL on 20 November 2010 in celebrating the power we have as young women to make decisions about our lives, our bodies, our careers and our futures.

DFL is a campaign organising young women in the service sector between the ages of 15–29 years old. DFL supports and empowers young women to make DECISIONS for their present and future lives. The campaign operates through social networks, community radio, workshops, meetings, focus group discussions and everyday interaction at the workplace and in the community.

**Whether to become a mother now, later or never** is the focus of our 1 year celebration.

We are inviting you to share your views and to listen to other young women who are working, unemployed or studying tell their stories.

The day will be filled with exciting educational activities, drama, poetry and dance.
